Artist Statement

Visual art explores the space between reality and understanding.

I enjoy teaching art to create an inroad for others to the rhythms of their own lives and to share the great happiness creating art brings to me.

Background

A painter, installation artist, poet, and wide-ranging artistic collaborator, Cynthia recently has exhibited work in Tucson and New York. In addition, she has created book arts works with Chax Press and Kore Press, has worked on book illustrations, album cover art for Sony Music, and poster art for Tucson Meet Yourself and Bioneers. She has been a professional teaching artist since 1980.
