

Art of Summer 2018

the
drawing studio
where art meets life

A visual art immersion
program for youth and
teens ages 9 to 17.

What is the Art of Summer?

The Art of Summer provides youth (ages 9 – 12) and teens (ages 13 – 17) with an immersive exploration of the visual world and the opportunity for creative self-expression. The Drawing Studio has become the destination for students in search of a studio art program to enrich their education and develop perceptual, critical thinking, and physical skills for life.

Studio practice becomes a daily activity that encourages students to relax into the process of creating with new friends from all over Tucson. Under the guidance of professional working artists, who are also skilled teachers, students develop and flex their skills mastery in a wide variety of media and subjects. There is a place for everyone in the Art of Summer.
